Join the 10th NRW Nano Conference!

Germany's largest conference for nanotechnologies and innovations in materials and applications is looking for you! Make your voice heard by presenting your research and projects to an expert audience.

Call for presentations

Representatives from science and industry are invited to submit presentations covering one of the focus areas of the conference. For details please visit www.nanoconference.de.

Deadline: 31st October 2022

Call for posters

Young academics have the opportunity to present their research ideas, projects and insights in our poster exhibition. Posters submitted by young academics will be judged by an expert panel and have the chance to win the "Best Poster Award".

Deadline: 15th February 2023

For details on how to submit your proposal, visit www.nanoconference.de
